

CLASS COSTUME POLICY

Class costumes ensure that dancers look cohesive and on brand when performing or competing under the FSID name. **Note:** In competition, dancers are required to wear a class costume through the Novice level as well as for team dances.

How it works: Dresses are hand-measured for each dancer and available for purchase through Prime Dress Designs. Orders are placed in batches and it takes approximately two months to complete an order. When your dancer grows out of their current dress, you have the option to sell it back to the school and/or to another FSID family. Please contact Katie for information on measuring and ordering.
